From high school senior portraits, to children and family photos, to engagement portraits, bands and commissions, Fritz's portraits are creative, personal, different. Our award-winning portrait sessions are shot on location: at a local park, your home, a favorite place. High school seniors are welcome to bring a friend or sibling along. There are no limits to 'poses' or clothing changes, no rush, no gimmicks. Fritz takes his time, working with you to create unique, artistic portraits. Every session is tailored to fit, and the resulting images are priceless.

There is no extra cost to combine color, black-and-white, and artistic effects in your portraits. We offer a full line of professional enlargements, custom books, canvas wall prints, posters, framing, greeting cards, and much more. No minimum purchase requirements, complicated packages, or 'units' to deal with. Just order what you want, when you want.
