Info:

Sessions are created on location (up to thirty miles away) and/or in our home studio for a cost of \$75 + tax. They last from 1 to 2 hours depending on the option chosen. Various family member combinations can be taken along with any group shots. Pets are welcome too... they are part of the family!

Location, Location... Personalize it by having us do the shoot at your home, or at a location that has special meaning to you. We are always willing to venture out to new places! Having done hundreds of weddings, we can also recommend some of our favorites such as local parks, cityscapes, bridges, old barns, lakes, rivers, etc...

Then What... Approximately 2 weeks after the session, you will receive a password to view your images through our online preview gallery. The gallery lets you compare images, magnify/zoom, and orders can be placed directly through our online store.

Next Step... Choose one of our options, and call/email us to schedule a session!
