HELLO *and* WELCOME

I'm so delighted to welcome you to The Santa Experience, a one of a kind Christmas tradition created to bring your family into the heart of holiday magic. This isn't just a photo session; it's a story brought to life.

From the moment you step into Santa's Magical Workshop, your children will find themselves in a world filled with wonder where nutcrackers come to life, machines sparkle with magic, and the pages of a storybook unfold before their eyes. Each moment is designed not only to be photographed, but to be felt and remembered for years to come.

My goal is simple: to give your family an unforgettable experience that goes far beyond pictures on a wall. These are heirlooms—images that capture joy, belief, and the spirit of Christmas—crafted into timeless art pieces you'll treasure every holiday season.

I'm honored that you're considering letting me share in your family's Christmas story. Together, we'll create memories that sparkle with magic and last for generations.

With warmth and Christmas cheer,

Javon Longieliere

MEET THE TEAM

At The Santa Experience, our mission is simple: to create a magical story that your family can step into — where every laugh, every sparkle of wonder, and every hug with Santa becomes a memory worth treasuring. This isn't just about pictures with Santa. It's about the experience of believing.

Santa Claus

Santa is at the heart of it all — welcoming each child into his Magical Workshop with warmth, kindness, and a sense of wonder that makes the story come alive. Instead of a quick photo on his lap, Santa takes time with every child, inviting them to join him in the magic of Christmas.

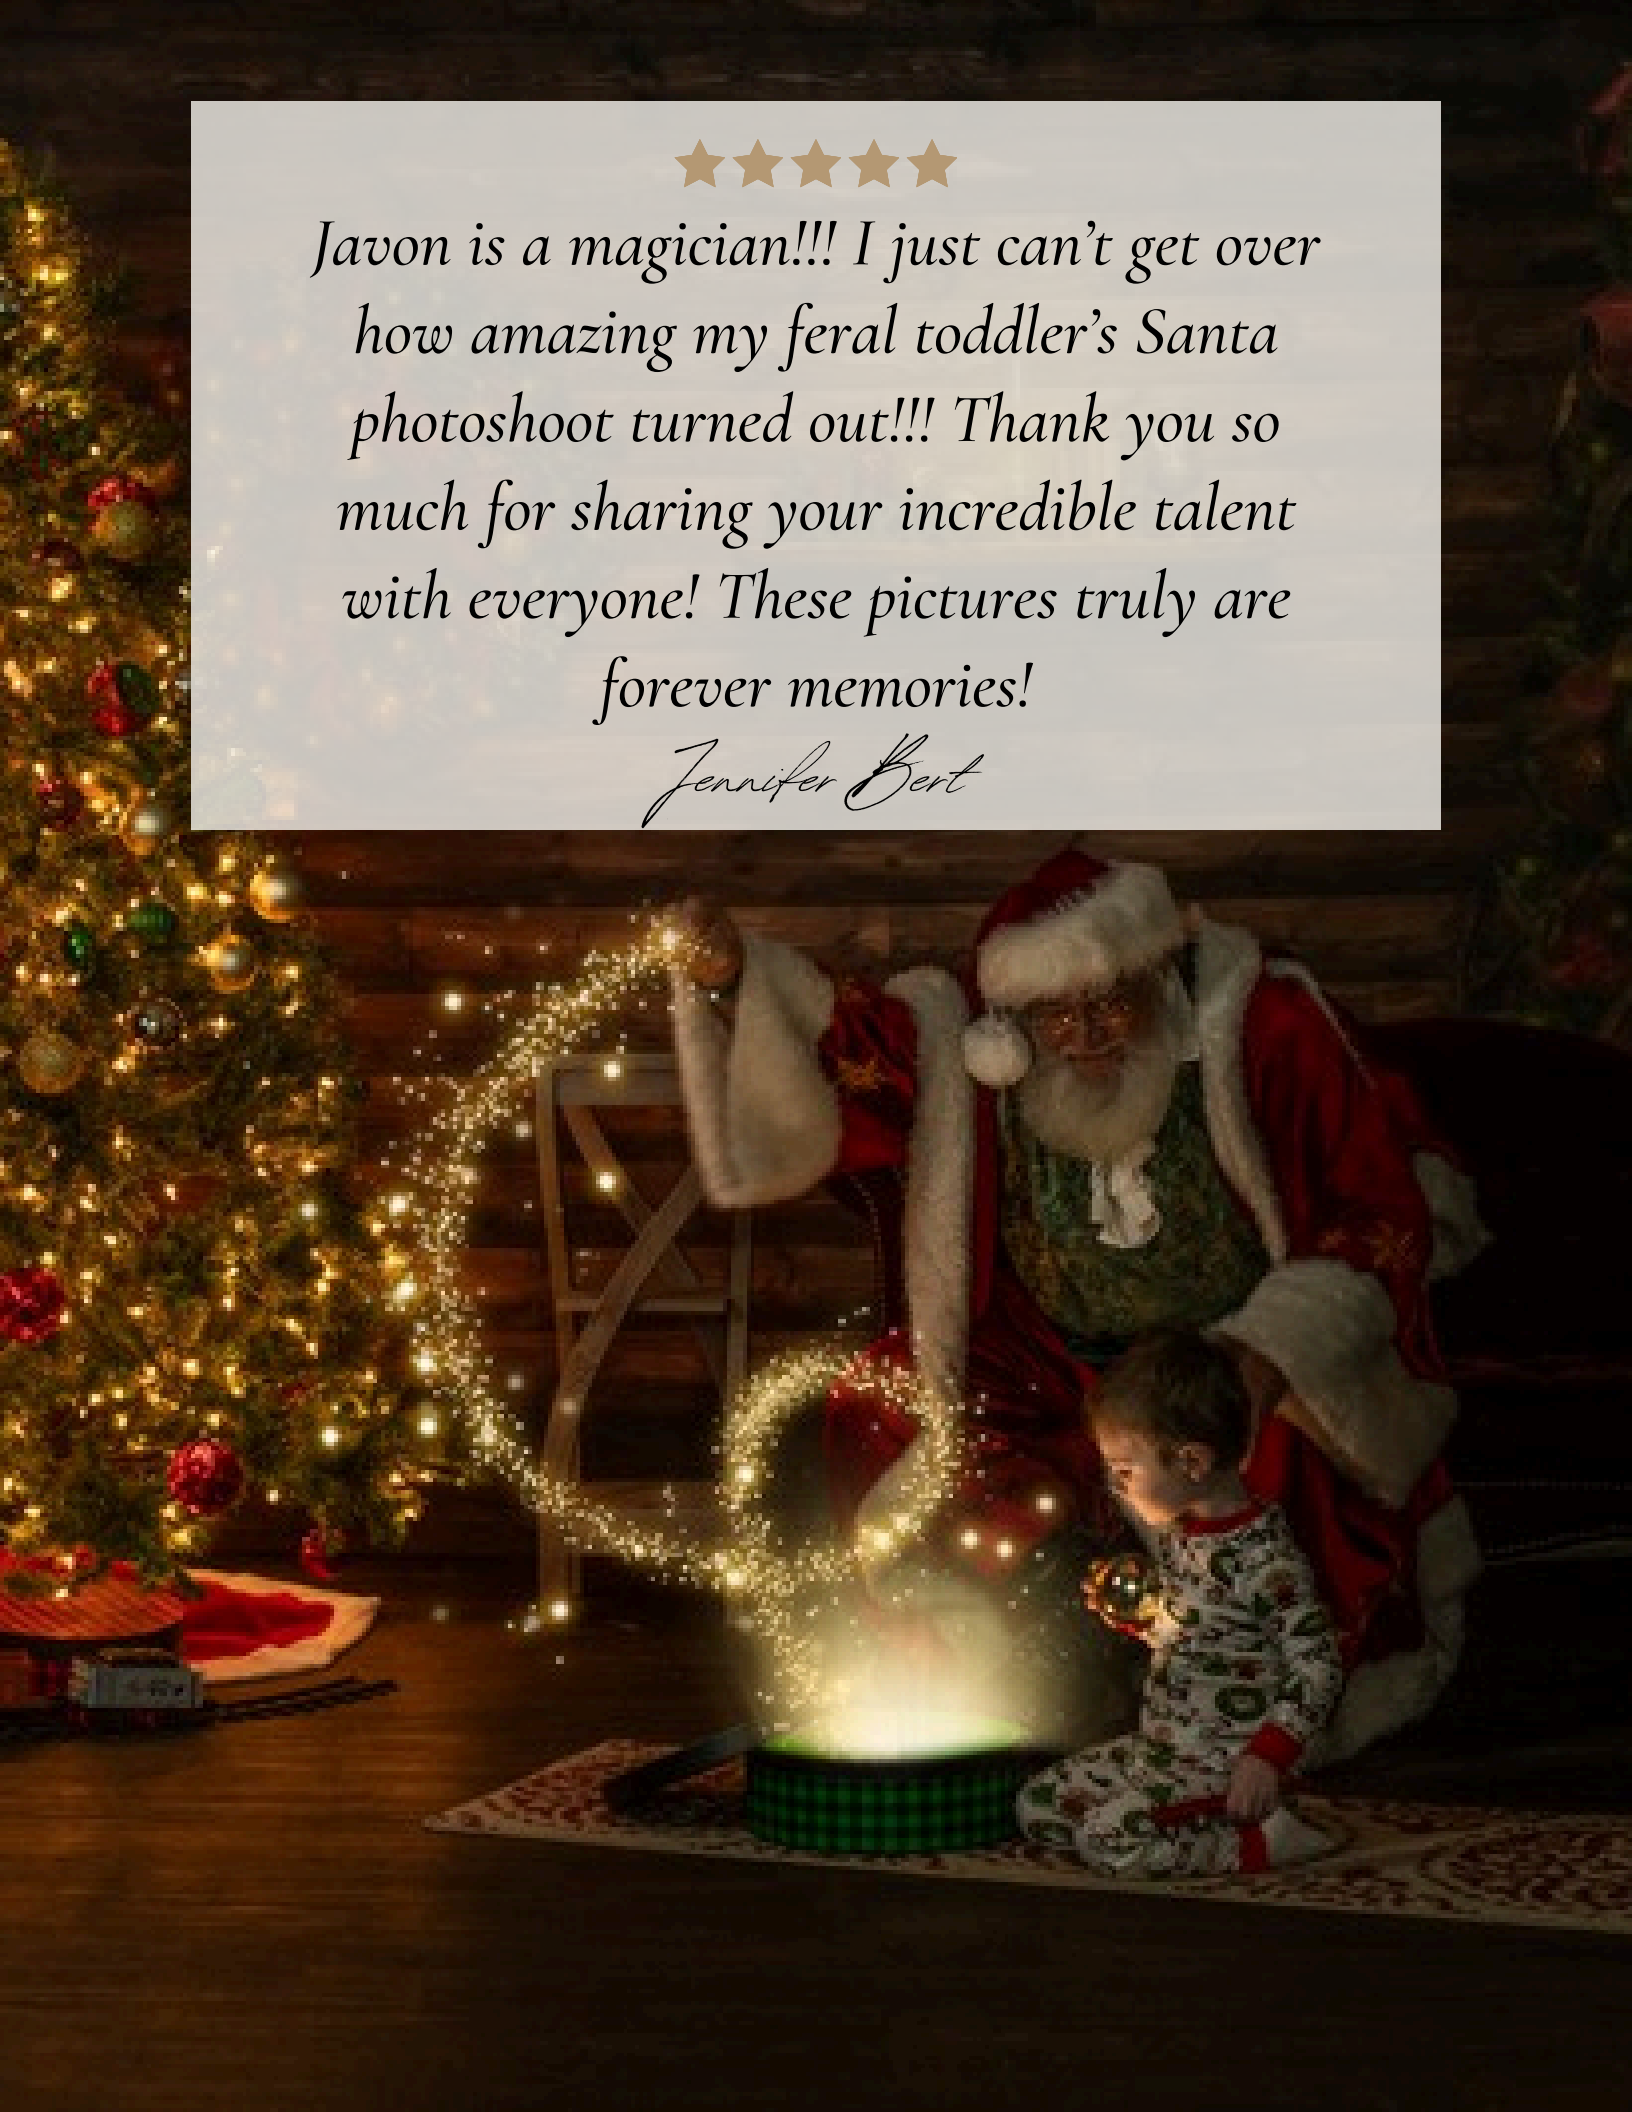

The Elves of the Workshop

With cheerful hearts and playful energy, our elves guide children through the Workshop adventure — from painting nutcrackers to helping fix Santa's Magic Machine. Their job isn't just to help with activities, but to draw children into the story and keep the magic alive at every turn.

Javon Longieliere — Photographer & Storyteller

As the creator of The Santa Experience, Javon has designed every detail to go far beyond a portrait session. With years of experience capturing luxury portraits, his goal is to preserve not only your child's smile but their belief, joy, and excitement as the story unfolds. Each photograph becomes part of a timeless heirloom, telling your family's Christmas story.

Together, our team isn't here just to take pictures. We're here to give your family a once-a-year experience that feels magical, unforgettable, and completely unlike anything else.

the EXPERIENCE

The Santa Experience is unlike anything your family has ever seen.

This is not a quick snapshot on Santa's lap, it's a carefully crafted story your family steps into.

From the moment you walk through the door, your family is welcomed into a world where imagination is encouraged, belief is celebrated, and Christmas magic feels real. Every detail, from the set design to the story elements has been thoughtfully created to draw your child into a magical holiday adventure.

Your child doesn't just meet Santa... they become part of his story. They help him prepare for Christmas, solve holiday challenges, and share in joyful moments that will make them feel like the magic of the North Pole is right here.

Yes, there will be portraits, beautiful, timeless, fine art images. But those portraits are more than just pictures. They are evidence of belief. They are the sparkle in your child's eyes as they see the Naughty/Nice list arrive in a magical way. They are the laughter when the Magic Machine needs their help. They are the hugs given freely, because in that moment, the magic is real.

Every year, families return to relive this journey because it becomes more than an appointment on the calendar, it becomes a tradition. Your children grow, their belief changes, but the photographs remain, telling the story of Christmas in your family year after year.

The Santa Experience isn't about taking pictures.

It's about creating a memory so magical that your family will carry it with you every Christmas season for the rest of your lives.

"AMAZING EXPERIENCE AND PHOTOS!"

Javon Longieliere Photography gave us an amazing Santa Experience for my 5 year old son! There is not a lot of posing, just natural interactions, which leads to amazing pictures and a wonderful experience for the kids. Javon made us feel right at home on our first trip to his studio. We will definitely be returning! Amazing experience and photos!!

"HIGHLY RECCOMEND"

We did the Santa experience with Javon and it was amazing! My children still talk about it and the pictures were magical. We also did the story book which I will treasure always. I highly recommend him. He takes his time during each session and doesn't make it feel like a rushed event. I can't say enough.

FAQ

What should we wear for our Santa Experience or Express Session?

For Santa Experiences, festive pajamas, nightgowns, or dressy holiday attire are perfect. Parents are encouraged to join in the story. For Express Sessions, coordinating pajamas or simple Christmas outfits create a timeless look.

Can more than one family join a session?

Each booking is for one immediate family. If grandparents or cousins wish to participate, we recommend booking back-to-back sessions so every family has enough time for their portraits. We will honor special requests when possible, but the Experience is designed for one family.

Do you allow pets?

Yes, we consider pets part of the family! They are welcome as long as they are on a leash or in a carrier until it's their turn. Please bring a favorite toy or treat to help keep them happy. They can even be the main character of the story!

What if my child is afraid of Santa?

That's completely normal. Our Santa is experienced in working with children and takes time to build trust. For shy or hesitant children, we adjust the pace and approach to make them comfortable, whether with a quiet greeting or gentle storytelling.

Can we take our own photos or video?

We kindly ask that you refrain from taking photos during your session. Our photographers will capture every magical moment for you. We do encourage you to take videos and share them on social media as ong as you tag us.

FAQ

When will we see our images?

After your session, you'll return for an in-studio ordering appointment where we'll help you choose your favorite images and artwork. For out-of-town guests, we can schedule this as a virtual appointment.

Can we place our order online?

We do not offer online proofing or ordering. Your portraits are best experienced in person so we can help you design custom artwork and heirloom products.

How long does it take to get our order?

Standard orders are typically ready within two weeks. Custom items such as albums or storybooks may take longer. We recommend ordering early in the season for guaranteed Christmas delivery.

Do you provide digital files?

Yes, The Santa Experience session comes with three digital images. Every Express Session comes with one digital image. Every purchased print includes a matching social-media-sized digital file for sharing. High-resolution printable digital files are available a la carte or in collections and include a print release. Please note: we cannot guarantee the quality of prints made outside our studio.

Do all my images include Santa Magic effects?

No. Every session includes beautifully edited fine art portraits, along with up to two Santa Magic portraits. Santa's Magic Portraits are special premium upgrades that require additional editing. They are offered separately so families can choose if they'd like to add this heirloom artwork to their collection.
